Hi Aaron,

Sorry that you have a sensory integration disorder.

Unfortunately, the Airline in conjunction with the Ministry of Health protocols and the Government does not exempt anyone from wearing a face mask unless toddlers below two years.  
Therefore, be guided.

Regards.

**Subject:** Disability Assistance

I have a sensory integration disorder, which is a medical disability that causes me not to be able to wear a mask or a face shield. I carry around a doctor's letter (attached) to that effect, that also states that I already had Covid, which would indicate that there is no significant health risk, as the CDC clearly states that covid reinfection is rare  
I have already flown several times without a mask on airlines that agreed to accommodate me.

CDC Guidelines and federal laws exempt someone like me from wearing a mask. Additionally, DOT instructed the airlines to allow people like me to fly without a mask.

Federal ADA laws require that you provide an accommodation for disabilities.

I would like to travel on your airline.

Can I travel on your airline without a mask?

Or can you provide an accommodation that will allow me to use your airline?

Thank you in advance.
